

## Accommodation

There are many hotels that can be booked within and outside of central London using the websites [www.hotels.com](http://www.hotels.com) and [www.booking.com](http://www.booking.com). We have selected a few hotels at different price ranges near the UCL campus which can be seen below. **Since May is a very busy season for central London hotels, we strongly advise participants to book as soon as possible!**

*Prices displayed below were enquired in September 2016, please confirm with the hotels again for any changes since then.*
